## UPDATE

1 September 2024

### *HOW THE NEWLY MINTED CDR CAN BENEFIT EVERYONE*

A major milestone, a pivotal watershed moment, a seminal decision, and a great breakthrough was achieved when an Indonesian investment bank decided and agreed to validate and endorse our Carpeaurum© as a genuine deposit worth USD 500 **billion** as a Custodial Depository Receipt (CDR).

Indonesia enjoys a vibrant economy with a population of 320 million. It has valuable inground assets as well. Our CDR is gaining global attention.

Financial institutions have agreed to front up to USD350 **million** (cash) based upon our CDR to qualify for PPP (private placement programs) under the rules and regulations of the International Chamber of Commerce. The returns are at least threefold.

**Sceptics** are advised to study FBI (Finance Banking Investment) innards and secrets before shamefully expressing doubts and uncertainties by calling the genuine a counterfeit. And for the periphery guards, remember that *"a little learning is a dangerous thing ... (Alexander Pope)*.

FBI secrets are omnipresent especially in **fertile minds**. Keep feeding your minds with the genuine article. AND USE IT.

**This is what our CDR can do for everyone:**

1. Money Judgments (USD35 million each) awarded by our Traditional Tribal Courts of Equity can be monetized when underwritten by this CDR. This has the potential to produce at least USD 100 million for every litigant.
2. Forget the "*courts of the conqueror*" which dispenses law, and "*just us*" consequences, not justice.
3. **Everyone** can now purchase our Carpeaurum© Gold Certificates for amounts greater than USD1,000.00 for a threefold return from PPP with 52 weeks to help you purchase assets as a **future investment**
4. Our new Insurance package **offers major coverage** for USD25.00 per month payable 12 months in advance (USD300.00). See <https://www.globalunitednatives.org/insuranceprogram>
5. The Insurance Package can help new **homeowners** to exchange their PPP-monetized Carpeaurum Gold Certificates for cash to

purchase their houses, buy total insurance coverage for medical, educational, vehicular, asset protection and litigation.

6. SATTT/GUN encourages all ETM to promote the CDR as a **substitute and replacement** for government-printed money. It is time we bid government-controlled money fare thee well. *I have bitten the bitter bullet of government-controlled financial systems.*
7. SATTT/GUN's **Banking License** will be operational next month to help us qualify for PPP using our CDR **without** the requirement for a cash deposit.
8. NEEDLESS TO SAY, WE NEED **LARGE NUMBERS** OF PARTICIPANTS TO MAKE ALL THIS HAPPEN.
9. Large numbers not just to increase our wealth, but **LARGE NUMBERS** to say NO to government-printed-controlled money with which their rule, reign and lord over us like we are still slaves.
10. KNOWLEDGE IS SUPERIOR, ITS APPLICATION IS SUPREME.
